Resell items on Amazon (aka online arbitrage)

With this sales method, online retailers purchase bulk quantities of the product

they want to sell through the Amazon platform. But instead of following the white labelling process, you don't manufacture or brand the products yourself - you simply sell them as is.

Merch by Amazon

Products are available to Amazon customers via Prime, meaning they can be delivered fast. And creators earn royalties on each product sold. This program is not open to all, to use Merch by Amazon you need to request an invitation.

Amazon Influencers

Their literature says that it takes less than 15-minutes to publish a book - granted, you need to write the book, which will definitely take longer than 15 minutes. But once your book is ready, you can set your own prices and earn up to 70 per cent of royalties in Kindle sales. When you hit publish, it will be on the Kindle market worldwide within 48 hours.

The good news for those dipping their toe into the freelance world or looking for a little extra cash to pad their wallet is that tasks on Mechanical Turk tend not to require a ton of experience or in-depth knowledge. Freelancers can pick up tasks like data validation, research, and transcription, then complete them on their own time with no set schedule.

Now, this program is also not something that can help when it comes to money-making. But if you're an avid reviewer and you like to get free products, then it might be a money-adjacent project for you. Plus, you can brush up on your writing skills and consider becoming a freelance writer that specializes in product reviews!
